

## THE THEATER EXPERIENCE AT HOME

Heighten your sense of audio immersion with the U5120G Soundbar with Wireless Subwoofer. With 510 watts of powerful sound across a 12-speaker array with Dolby Atmos and DTS:X technology, the U5120G fills a room with sound that seemingly flows all around you. Equalization presets including Movie mode, Game mode, Music mode, and Night mode optimize sound specifically to the content or time of day. Multiple connection options including HDMI eARC and Bluetooth make elevating your TV's audio performance plug-and-play.

### 510W Output Power

With seven front-firing, two side-firing, and two up-firing speakers plus a powerful 8" subwoofer, this 12-speaker combo fills any room with powerful, distortion-free sound.

### Dolby Atmos Sound

Featuring Dolby Atmos and DTS:X technology, this system generates sound that seemingly flows from all around you, heightening your sense of immersion.

### 4K HDR Pass Thru

Great audio doesn't mean much without video to match. The built-in Pass-Thru technology ensures there are no sacrifices to 4K or HDR video so you can enjoy a premium AV experience.

### Powerful Bass

Feel the thunderous booming of deep, rich bass down to 40Hz. The compact 8" subwoofer can be placed out of sight thanks to its wireless connection to the soundbar.

### Quick Touch EQ Modes

Get the best audio performance from music, movies, and news with a simple touch of the remote with seven EQ presets.

### Wireless Music Streaming

Enjoy your favorite music, podcasts, and more directly from your soundbar with ease with built-in Bluetooth technology and Apple Airplay 2 support.

### One Cable Simplicity

With HDMI eARC support, the soundbar connects to your TV through a single HDMI cable (included). Just one wire carries high-quality audio from your TV to the soundbar while also enabling you to control all compatible devices with one remote.

### Minimalist Design

Beautifully crafted with rounded corners, black matte finish, horizontal mesh, and a low-profile chassis, the U5120G pairs perfectly with any free-standing or wall-mounted TV.
